USABILITY TESTING

Tested users: 10

Tasks:

1. View your profile.
2. Delete one of your saved cars.
3. Check out previous appointments.
4. Book an appointment
 - a. Add new car.
 - b. After booking an appointment, view state of the car

KEY FINDINGS AND IMPROVEMENTS:

1. In “booking appointment” task: one participant found it confusing when they had to select a time slot for their booking.

Improvement: Choose high contrast colors or make the difference more visibly clear to choose between “available” and “unavailable”.

The screenshot displays a booking interface. At the top is a calendar grid with days of the week (S, M, T, W, T, F, S) and dates (1-30). The date 26 is highlighted in orange. Below the calendar is a legend: a black dot for 'Available' and a grey dot for 'Unavailable'. Below the legend is a 'Select Time' section with a grid of time slots. The slots are: 10:00 am, 10:30 am, 11:00 am, 11:30 am, 12:00 pm, 12:30 pm, 01:00 pm, 01:30 pm, 02:00 pm, and 02:30 pm. The 02:00 pm slot is highlighted in orange.

USABILITY TESTING

Tested users: 10

Tasks:

1. View your profile.
2. Delete one of your saved cars.
3. Check out previous appointments.
4. Book an appointment
 - a. Add new car.
 - b. After booking an appointment, view state of the car

KEY FINDINGS AND IMPROVEMENTS:

2. In “adding a car” task: one participant did not understand what each field meant (car information).

Improvement:
Write a simple and clear description with each field or option to make the experience not confusing.

CONCLUSION

CarWash+ is a mobile application its designed to help users book carwash services in advance. The system aims to reduce waiting times at car wash shops and make the booking process faster, easier, and more convenient.

Challenge:

- Reaching different types of users
- Drivers with different backgrounds and languages
- some users were unfamiliar with car-related terms such as SUV, Sedan, Hatchback on car size

Future work:

- Clear Descriptions and Examples
- Car Status Notifications
- Multiple Language Options
- Gifting a Service
- Continuous Usability Testing

An illustration of three car wash workers in white shirts and blue pants cleaning a dark blue car. The car is covered in white foam. One worker on the left is spraying the windshield, another on the right is using a high-pressure hose, and a third worker in the foreground is crouching to clean the front wheel. A yellow bucket and a blue machine labeled 'SERVICE MY CAR' are on the right. The background is dark blue with white clouds and sparkles.

Thank you !

Any questions?
